1. Web sites

The web sites are for us tools of great strategic importance.

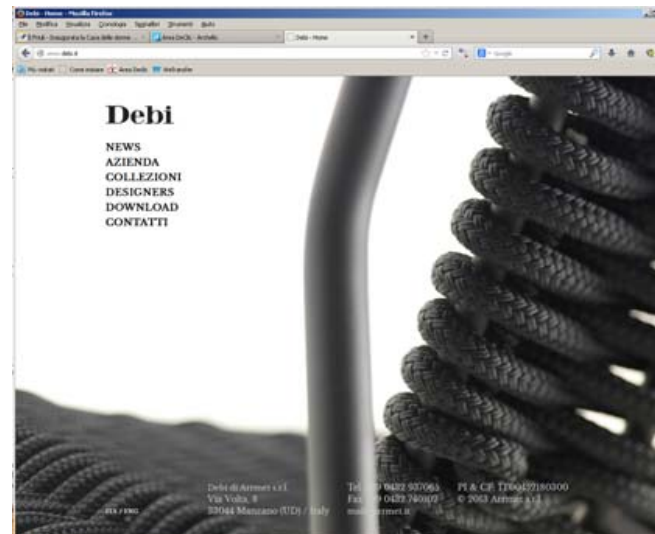

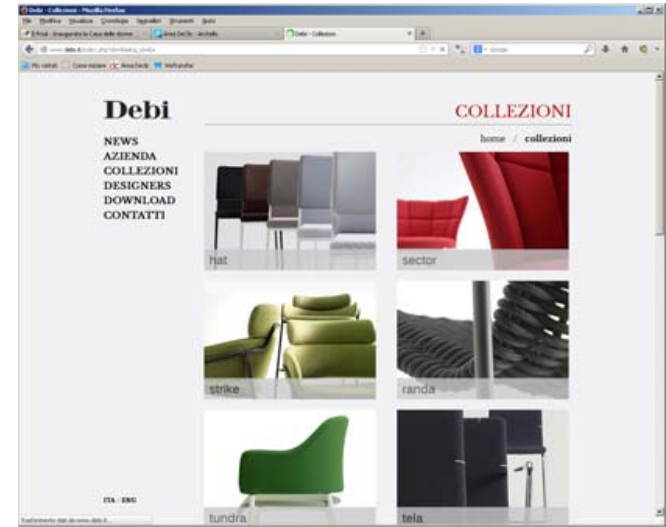

They are a business card which constantly runs the world. This is why they are:

- in two languages (Italian and English)
- highly interactive
- dynamic home page (linking the visitor to the most important pages)
- dynamic text with links to designers and architects

We monitor the number of visits, the pages most visited, the origin of the navigators.

We are connected and present in the most important search engines that relate to the sessions:

- Chair WS**
- Architonic**
- Archiexpo**

4. Show room

The headquarters of the company are equipped with a large space, arranged over two floors and provided with the best audio-visual equipment for events and meetings, where we can show and present properly our product.
